Jun Mitsui & Associates Inc. Architects

Pelli Clarke Pelli Architects Japan, Inc.

Creative Partnership with Clients

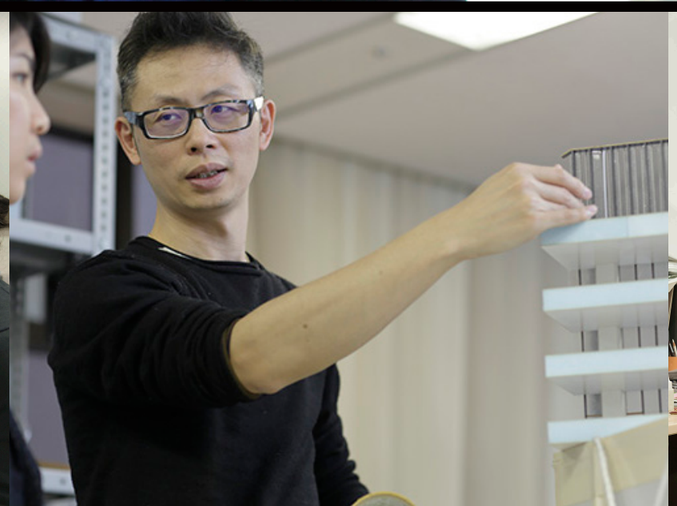

In the design process, communication and collaboration are the most important keys for us.
The result of creative communication with clients and creative collaboration with specialists of varying disciplines worldwide is a design solution of maximum value and satisfaction.

Jun Mitsui, Architect

Principal of Jun Mitsui & Associates, Architects and Pelli Clarke Pelli Architects Japan

After graduating from Tokyo University in 1978, Jun Mitsui practiced at Shinichi Okada Architects in Japan until 1982. He received his Master of Architecture from Yale University in 1984 and then practiced at CesarPelli & Associates,Inc. until 1992. He returned to Tokyo as a principal of Pelli Clarke Pelli Architects, Japan and went on to found Jun Mitsui & Associates, Architects in 1995. He is a member of AIA, JIA and Japan Architects Academy. In 2007, he served as the AIA Japan component president. Jun Mitsui is a licensed architect in both Japan and the United States, he and his firm have been honored with numer ous architectural awards.

Collaboration with Pelli Clarke Pelli Architects

Jun Mitsui & Associates, Architects. and Pelli Clarke Pelli Architects have had more than ten years of successful design collaboration together. In most cases, the two companies work together up through the schematic design phase. For projects in Japan, Jun Mitsui & Associates then completes Construction Documents and construction supervision. Both companies are connected with high-speed digital communication tools.
